Highly motivated and disciplined individual with a strong technical foundation: A.S. in Computer Information Technology and the Google Cybersecurity Professional Certificate. Leveraging a diverse background, including service in the Army National Guard and leadership as an Assistant Manager, which cultivated strong teamwork, problem-solving, and adaptability. Seeking an entry-level Cybersecurity Analyst position to apply unwavering critical thinking, attention to detail, and documentation skills toward threat detection, analysis, and incident response.

Education & Certificates

Florida State College at Jacksonville (FSCJ), Jacksonville, FL 2025

Associate in Science, Computer Information Technology

- Completed four technical certificates (Web Development, Computer Programming, IT Analysis, IT Support) while gaining foundational knowledge across many major tech domains.
- Designed and executed a classroom network infrastructure featuring 24 Raspberry Pi 5s, deep learning clusters, 3D printers, and a Synology NAS. This involved end-to-end responsibilities including network design, hardware setup, Linux administration, SSH set up and advanced troubleshooting.

Google Cybersecurity Professional Certificate 2025

- Gained hands-on experience with industry-standard security tools, including Security Information and Event Management (SIEM) platforms, Intrusion Detection Systems (IDS), and network analysis tools.
- Developed core analyst competencies in threat detection, risk management, and incident response by applying frameworks and executing practical tasks in Linux, SQL, and Python scripting.

Skills

Technical: SIEM, Wireshark, Networking (Infrastructure Design, Protocols), Linux (Administration, SSH), SQL, Python (Scripting), Hardware/Software Troubleshooting.

Core Competencies: Critical/Analytical Thinking, Incident Response, Procedural Adherence, Problem Solving, Risk Assessment, Attention to Detail, Documentation & Reporting, Communication & Collaboration

Relevant Experience

Army National Guard, Southern Pines, NC & Lake City, FL 2017 - 2023

19K Armor Crewmember & 12B Combat Engineer

- Executed high-hazard operations requiring strict adherence to multi-step Standard Operating Procedures (SOPs) and real-time risk assessment to maintain safety and mission success.
- Consistently mastered technical training on armored vehicle systems and demolition equipment, demonstrating aptitude for retaining technical knowledge and ensuring constant operational readiness.

Boom-Gen Home Inspections, Tallahassee, FL 2020 - 2022

Junior Home Inspector

- Systematically inspected all structural, electrical, plumbing components of properties, applying standardized methodologies to analyze potential defects and identify significant safety risks.
- Authored comprehensive, technical reports detailing inspection findings, utilizing specialized software to document defects, supporting evidence, and recommendations for remediation.

Discount Tire, Jacksonville, FL & Orange Park, FL 2023 - Present

5S Assistant Manager

- Implemented and enforced 5S standards (Sort, Set in order, Shine, Standardize, Sustain) across all store operations to ensure procedural adherence and promote a consistent, audit-ready environment.

Service Roles (Food Service, Retail, Driving) 2015 - 2023

Cook, Cashier, Driver

- Maintained procedural compliance and high efficiency standards across diverse, fast-paced operations, confirming strong time management and customer service.
